## DETAILED ACTION

### *Ex parte Quayle*

This application is in condition for allowance except for the following formal matters:

Claims 13-23 and 31, drawn to non-elected inventions must be cancelled before issuing this application.

Further, the specification is objected to because the title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

### *Allowable Subject Matter*

The following is an examiner's statement of reasons for allowance:

The Prior Art does not fairly teach or suggest a marine sensor being a cylindrical and/or removable body adaptable to fit through an opening in the hull of a water vessel having the *combination* of a sonic transducer disposed in a second cavity formed on a second half side of the body and either a speed sensor or a magnetized sensor.

Art Unit: 2855
